***Qualifying the referral:***

**Who can we help?** Almost any client with under a 720 credit score can benefit from our services at Clear Credit Corp. We will give your client a free credit evaluation as to what we can do for them and how long it will take to accomplish it. Our services are backed by a 100% money back guarantee and the base price we charge the client is \$395, which can be broken into 2 to 3 payments if needed.

**Who can't we help?** Clients that have 60% or more of their accounts as being UNPAID collections or charge-offs AND the client does not have the funds to settle at least a few of them because these types of accounts will keep reappearing and will get sold from collector to collector until satisfied. At Clear Credit Corp, we know these types of clients should not hire us because our results will be minimal and a waste of money for the client. These types of situations require settling the debts before we can truly make a difference and we do tell those clients to save their money and not hire us until they have at least 80% of their accounts settled.
